NVEEE inspires and educates young adults in an effort to encourage them to become productive members of society, and to prevent and respond to victims of bullying, hate crimes and other heinous acts of violence. We protect the rights of children and provide a voice for those who cannot speak loudly enough for themselves and for those who live in fear of speaking for themselves.

Our vision is to raise awareness through education in an effort to bring equality to our community, and to build a better future where youths can live proudly in their own skin without fear of persecution.
